SUMMARY

I would like to present myself as a quick learner, who is always ready to take up any technical challenge. Data Structures and Algorithms being my favorite subjects make me curious to solve problems in competitive programming. Interested in the fields of Machine learning and AI .

EDUCATION

S. B. Jain Institute of technology, Management & Research, Nagpur	2017 – 2021
Bachelor of Engineering (Computer Science and Engineering)	
CGPA/Aggregate: 7.0	
 Mahatma Gandhi C. Sindhu Junior College	2015 – 2017
Higher Secondary Certificate (Science)	
CGPA/Aggregate: 58.31	
 Bishop Cotton, School, Nagpur	2005 – 2017
Secondary School Certificate (State Board)	
CGPA/Aggregate: 72.28	

PROJECTS

ARNoteKeeper	6 Months
Technical stack: Flutter, Unity, Firebase, ARCore, Manomotion sdk. ARNotekeeper is an android app which is used to store notes in digital form as well as in the real world using Augmented Reality. User can move the notes using hand gestures such as grab or pinch to move or to rotate the Note in Augmented Reality. The notes app is build in flutter and the AR part is build in unity. A separate module is created for AR Unity project to integrate it with the flutter app so the unity project can run inside flutter app. We have also establish communication between flutter and unity so that it can share information.
